## #1 brand for dishwashers worldwide.\*

At Bosch, our passion for quality translates into performance that makes a real difference throughout your day. 485 quality checks ensure that every dishwasher delivers exceptional performance time and again. It's these details, obsessed upon by our engineers, that manifest as the tangible difference of Bosch quality.

## Best of Year

Reviewed.com awarded the Bosch SHPM88Z75N dishwasher a "Best of Year" award. "This dishwasher is a part of the 800 series, a group that contains the best dishwashers we've ever tested."

## America's Most Trusted® Dishwasher 3 Years in a Row 2019-2021\*\*

At Bosch, every detail of our dishwashers is designed for quality and with the consumer experience in mind. It's why Lifestory Research named Bosch dishwashers as "America's Most Trusted® Dishwasher 3 Years in a Row.\*\*"

## 485 quality checks

Every dishwasher must pass 485 quality checks—including running every single one with water—before leaving the factory. So you can rest assured that your dishwasher is built to withstand whatever life throws your way.

## A brand you can trust.

From thoughtful innovations that make your life easier to its timeless beauty, these are the guiding principles that drive Bosch to deliver best-in-class dishwashers.

## Surprisingly simple solutions

Bosch dishwashers are purposefully designed with a wide range of ingenious, yet intuitive solutions to make your life easier. In fact, Bosch offers three different 3rd rack designs, which provide up to 30% more loading area.\* Combine that with the RackMatic® adjustable middle racks and FlexSpace™ tines that fold away to accommodate large bowls and pans, and these simple solutions add up to the ultimate flexibility.

## Perfect results

A Bosch dishwasher is engineered to give you superior wash and dry results. Plus, a long list of performance and cycle options ensure the right kind of clean for any load. So whether you need the power to remove bakedon food, the gentleness to delicately clean stemware, or a sanitize option, it's easy to customize each wash to meet your needs.

\*Source: Euromonitor, volume sales, 2020.

\*\*Bosch received the highest numerical score in the proprietary Lifestory Research 2019, 2020 and 2021 America's Most Trusted® Kitchen Brands study. Study results are based on experiences and perceptions of people surveyed. Your experiences may vary. Visit www.lifestoryresearch.com.

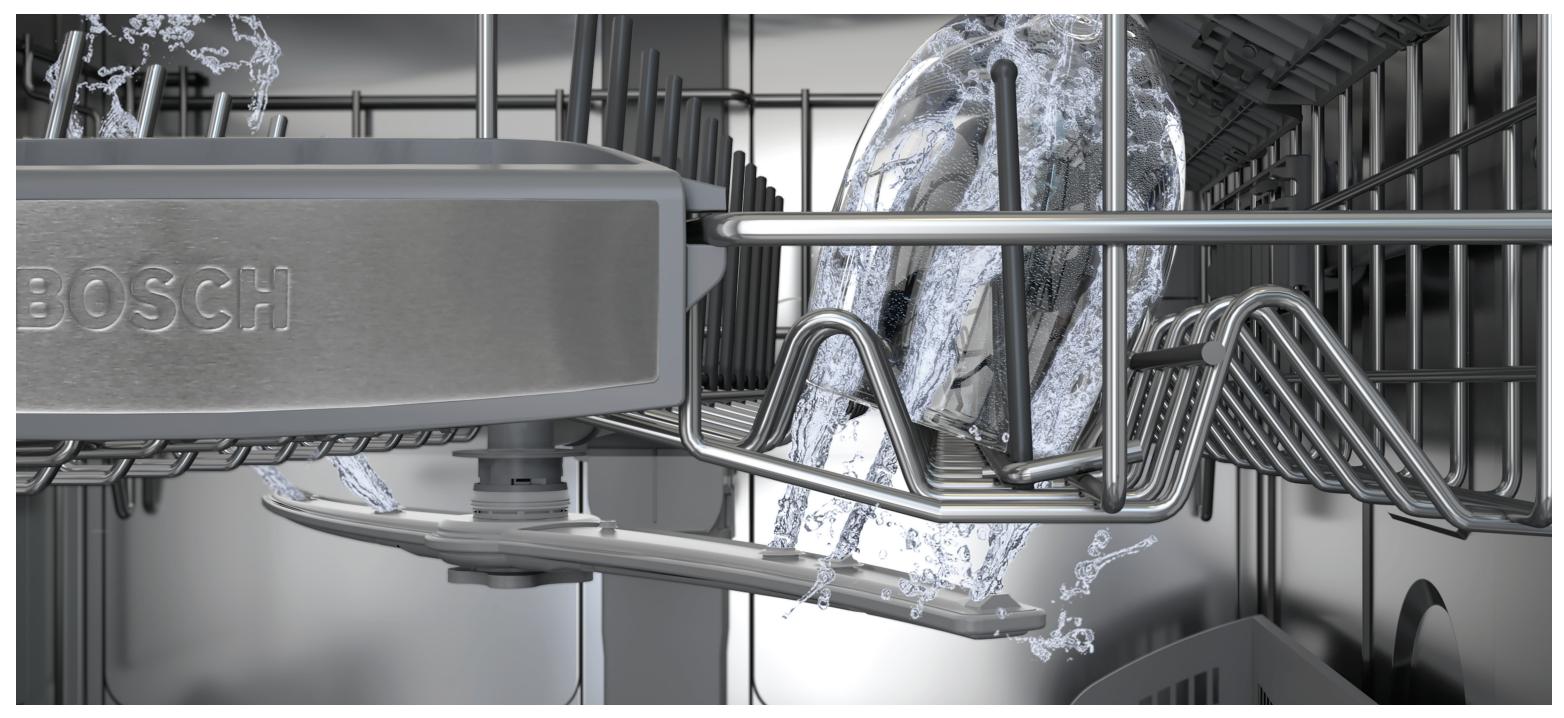

## Perceivable quality

Premium materials, combined with exceptional workmanship, provide the kind of fit and finish you expect from a Bosch dishwasher. Additionally, you're sure to hear the difference the ultra-quiet dishwashers make to your everyday life. By dedicating ourselves to the highest quality possible from start to finish, a Bosch dishwasher is truly invented for life.

## Timeless design

No room in your home defines your sense of style and taste more than your kitchen. That's why a Bosch dishwasher offers streamlined sophistication based on the Bauhaus principles of form and function. With clean lines, flush installation, and simple, streamlined aesthetics, a Bosch dishwasher not only seamlessly complements a wide range of kitchen styles, it offers an elevated, understated look that's both purposeful and beautiful.

# Advanced cleaning with PrecisionWash®.

With Bosch PrecisionWash®, simply start your dishwasher and walk away. Intelligent sensors continually scan and check the progress of dishes throughout the cycle, and powerful, precision spray arms go to work targeting every item of every load. So when your dishes are done, so are you.

## Intelligent sensors

This state-of-the-art system uses an advanced scanning-eye sensor to assess the level of soil in the wash water and adjusts the water temperature and cycle length accordingly for optimal cleaning results.

## Optimized detergent trays

Our detergent tray holds tabs in place for a dedicated spray jet to directly dissolve them completely. This results in a deeper clean and reduces noise since there's no water jet spraying at the door. (Dishwasher also works with powder and gel.)

## The drying revolution is here.

Now truly clean means truly dry. Bosch features several drying technologies, each uniquely designed to ensure dishes come out of the drying cycle clean, dry and ready for use. Whether you're looking for more heat, advanced technology, or the flow of fresh air, Bosch's unique drying technologies have one thing in common—they'll make you want to say goodbye to hand drying, and hello to a whole new level of dry.

## CrystalDry™

### The ultimate clean. The ultimate dry, including plastics.

No matter if it's lunchboxes, salad bowls, plates, or baby bottles, plastic dishes are often the most appropriate choice in our daily life. But useful as they may be, cleaning them in the dishwasher often means more work. At Bosch, we believe dishes should receive a powerful clean and then be thoroughly dry. Patented CrystalDry™ technology on select Bosch dishwashers transforms moisture into heat up to 176°F to get dishes 60% drier,\* so you can put away your plastic dishes immediately into the cupboard when the dishwasher is finished.

\*Based on aggregate average drying performance of Bosch Dishwashers with CrystalDry™ on combined household load including plastics, glass, steel, and porcelain as compared to Bosch Dishwashers with PureDry®. Drying performance may vary by dish type.

## AutoAir®

### A little fresh air equals a lot better dry.

The AutoAir<sup>®</sup> option on select Bosch dishwashers opens the door at the end of the drying cycle, letting moisture escape and fresh air circulate for 40% drier dishes.\* Now you can dry your dishes with a whole new air of confidence.

## PureDry®

### Simply sanitized.

PureDry<sup>®</sup> features a Sanitize Option that ends each cycle with an extra hot wash, heating the water to 162°F which helps thoroughly clean, sanitize, and dry dishes. Rather than pulling in external outside air, PureDry<sup>®</sup> whisks moisture away from the dishes so you can rest assured your dishes aren't just dry, they're PureDry<sup>®</sup>.

## Designs that enhance any kitchen.

Whether your taste is modern, transitional, or somewhere in between, a Bosch dishwasher is designed to seamlessly blend in and enhance your ideal kitchen.

## Black stainless

Daringly different, Bosch black stainless steel helps guard against scratches and fingerprints while making a bold statement in the kitchen.

## TFT display

Available on select Benchmark® dishwashers, this high-definition color display provides easy-toread cycle status and maintenance information.

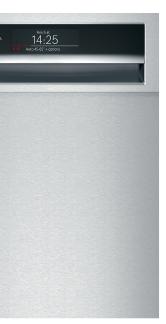

## Recessed handle

Our recessed handle design offers a sleek and ergonomic solution with visible controls on the front panel. We offer a full-color display which gives the ultimate premium look to your kitchen.

Our pocket handle design offers a clean, handle-free look that seamlessly integrates into any kitchen style and installs flush. Available in stainless steel, white, black, and black stainless steel.

## Scoop handle

Our scoop handle is unobtrusive and provides a sleek, streamlined look.

## White and black color options

Our classic white and black dishwashers are the perfect fit for traditional kitchen designs.

## Pocket handle

## Custom panel

Seamlessly integrate your dishwasher by matching it to your kitchen's custom cabinetry. The unique design allows for a fully flush install for a new level of sophistication.

## Bar handle

A traditional dishwasher look with a sturdy handle that's easy to grasp. Available in stainless steel, white, black, and black stainless steel.

## Load your way with the MyWay™ rack.

No matter how you like to load the dishes, MyWay™ helps you to do it your way. The largest 3rd rack Bosch offers, the MyWay™ rack easily fits those hard-to-place items like cereal bowls, and large utensils. And for even more versatility, it also features a removable insert that holds up to 18 pieces of flatware. But that's only half the story.

Unlike traditional 3rd racks, the MyWay<sup>™</sup> rack offers more room for more kinds of items, such as cereal bowls, whisks, tongs, and large measuring cups, creating more freedom in loading below. It opens up a whole new range of loading possibilities throughout the dishwasher. By putting things like bowls and lids up top instead of in the bottom rack, it frees up more space for your larger pots and pans. With MyWay<sup>™</sup>, you can load your dishes the way you see fit.

# A third rack to meet your needs.

## Standard 3rd rack

Provides the perfect space for flatware, large utensils, measuring cups, or nearly anything else that's difficult to fit in a traditional dishwasher, while its V shape leaves room below both sides for taller items like stemware in the middle rack.

# Flexible enough to handle life.

With three different 3rd rack designs and a range of innovations such as the RackMatic® adjustable middle rack and FlexSpace™ tines that fold back to fit your larger items, a Bosch dishwasher represents a whole new era in loading dishes.

So whether you're tidying up after a healthy breakfast with the family or cleaning up after a casual meal with friends, you have the flexibility and capacity to accommodate any kind of load.

### Flexible 3rd rack

Expandable wings easily lower to accommodate more of your deeper items, while adjustable tines let you customize the rack's loading space to fit awkward or bulky utensils.

## MyWay™ rack

MyWay<sup>™</sup> offers more room for more kinds of items in the top rack, such as cereal bowls, whisks, tongs, and large measuring cups, creating more loading freedom below.

## FlexSpace™ tines

This convenient feature lets you fold back every other tine in one simple step, so it's easier to fit your largest, bulkiest items. It helps to hold pots and pans upright, leaving more room for your other dishes.

## The quietest dishwasher brand in the U.S.\*

To a Bosch engineer, quiet operation is just as important as sparkling clean dishes. For you, that means never having to wait until going to bed to run the dishwasher. And when hosting a dinner party, you can start the dishes right after dinner, instead of waiting until everyone leaves. Because life doesn't have to stop just because your dishes need to be cleaned.

\*Based on an average of sound ratings of 24" Full Size Stainless Steel Tub dishwashers contained in major brands websites. Major brands defined as TraQline Top 5 Market Share December 2019.

## Multiple insulation layers

Three layers of sound-absorbing insulation include coated stainless steel, baked-on bitumen, and cotton fiber, which all work together to help dampen noise.

## Precision spray arms

By projecting water directly toward your dishes, they minimize spraying the inner sides and door, further reducing noise.

## Grindless food filtration

This triple-filtration system effectively filters out food particles, eliminating the need for a noisy disposal.

## EcoSilence<sup>™</sup> motor system

Two small, brushless motors offer quieter operation than a single, large motor, and are held in place by rubber suspenders to minimize vibrations. Plus, it shuts off when drained to minimize that "snorkeling" sound.

## Sound-absorbing base

A solid, molded base absorbs sound while minimizing vibrations.

## InfoLight<sup>®</sup> / TimeLight<sup>®</sup>

Bosch dishwashers are so quiet, we added InfoLight® to let you know a cycle is running. Models with TimeLight® display the amount of time remaining on the cycle right on your floor.

## 24/7 Leak Protection.

A leak is the last thing you want to happen to your kitchen floors. With Bosch's innovative leak protection systems, you get peace of mind. So your floors stay beautifully dry, just like your dishes.

## 24/7 Overflow

## 24/7 AquaStop®

Bosch's exclusive 24/7 Overflow Protection System looks out for you even when the unit is off. If the water level ever gets too high, the tub pumps the water out and closes the water inlet.

An advanced leak prevention and containment system, AquaStop® features sensors that automatically close the water inlet and activate the drain pump if a possible leak is detected—even if you're not at home.

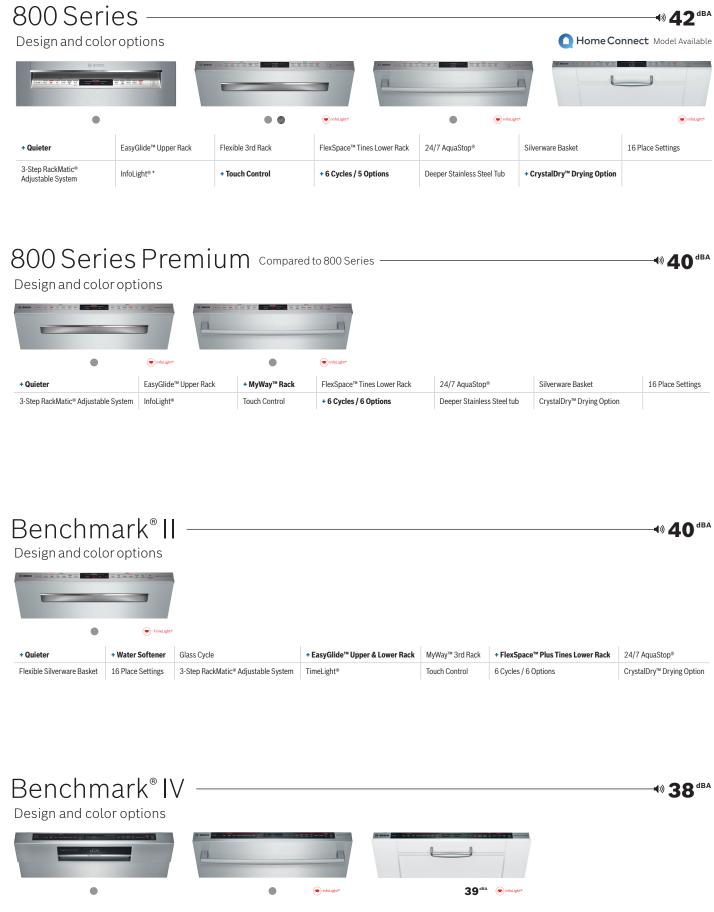

## 24/7 AquaStop<sup>®</sup> Plus

With the advanced leak prevention and containment systems of AquaStop<sup>®</sup>, AquaStop<sup>®</sup> Plus features an additional hose surrounding the water inlet hose for added protection.

Maintaining the legacy of Bosch quality and performance, 100 Series dishwashers look as good as they perform, offering advanced engineering, quiet operation, and a sleek, modern design.

100 Series dishwashers were invented with you in mind, offering you everything you want in a dishwasher, at a price fit for your lifestyle.

Anti-fingerprint stainless steel

Provides the ultimate exterior protection against fingerprints, dirt, and smudges.

## All Bosch dishwashers have:

### PrecisionWash<sup>®</sup>

Intelligent sensors continually scan and check the progress of dishes throughout the cycle, and powerful, precision spray arms go to work targeting every item of every load.

### PureDry<sup>®</sup> PureDry is a closed drying system that does not pull in outside air and gently whisks moisture away from dishes as they cool. With no heating element, you can safely

## Utility rack

The utility rack makes space for those hard to place items and opens up space in the upper rack for your washing needs.

## InfoLight<sup>®</sup>

Based on our legendary soundreduction technology, 100 Series dishwashers are so quiet, we provide an InfoLight<sup>®</sup> that projects a red light onto the floor to signal that a cycle is running. It turns off once the dishes are done. Available on models with top controls.

## ENERGY STAR<sup>®</sup> qualified

place plastics anywhere.

All Bosch dishwashers are ENERGY STAR® qualified and energy efficient.

## NSF Certified

Provides increased capacity and adjustability options, along with other convenient features.

Includes all 100 Series features (except anti-fingerprint), plus the following:

## Standard 3rd rack

With 30% more loading area,\* the standard 3rd rack provides extra space for flatware, large utensils, and measuring cups, while its V shape leaves room below both sides for tall items.

\*vs. a Bosch dishwasher with 2 racks

## 3-Level RackMatic<sup>®</sup> adjustable middle rack

Easily adjusts to three different heights and up to nine separate rack positions, allowing taller items like stemware to fit in the middle rack while leaving room for pots and pans below.

## All Bosch dishwashers have:

### PrecisionWash<sup>®</sup>

Intelligent sensors continually scan and check the progress of dishes throughout the cycle, and powerful, precision spray arms go to work targeting every item of every load.

## PureDry®

PureDry is a closed drying system that does not pull in outside air and gently whisks moisture away from dishes as they cool. With no heating element, you can safely place plastics anywhere.

## 24/7 AquaStop®

Solid, molded base and sensors that can detect leaks in the base and automatically shut off the water inlet.

## Additional capacity

Accommodates 16 place settings for all your loading needs, big or small.

ENERGY STAR<sup>®</sup> qualified

All Bosch dishwashers are ENERGY STAR® qualified and energy efficient.

## NSF Certified

A range of quiet, refined dishwashers with remarkable flexibility and versatility.

Includes all 300 Series features, plus the following:

## AutoAir<sup>®</sup> option

When selected, the AutoAir® option automatically opens the door at the end of the drying cycle to let moisture escape and fresh air circulate for 40% drier dishes.\*

Expandable wings on both sides easily lower to provide extra height for ramekins, measuring cups and large utensils.

\*Based on average drying performance of Bosch Dishwashers with AutoAir® after seven hours as compared to Bosch Dishwashers with PureDry®.

## All Bosch dishwashers have:

## PrecisionWash<sup>®</sup>

Intelligent sensors continually scan and check the progress of dishes throughout the cycle, and powerful, precision spray arms go to work targeting every item of every load.

### PureDry<sup>®</sup> PureDry is a closed drying system that does not pull in outside air and gently whisks moisture away from dishes as they cool. With no heating element, you can safely place plastics anywhere.

## Flexible 3rd rack

## EasyGlide<sup>™</sup> racks

Ball bearing wheels add a smoother glide to the upper rack, so you get a more premium feel with every pull—even when the rack is fully loaded.

## ENERGY STAR<sup>®</sup> qualified

All Bosch dishwashers are ENERGY STAR® qualified and energy efficient.

## NSF Certified

Offers a wide range of advanced features and options to help you take on more demanding loads.

Includes all 500 Series features, plus the following:
